**RE: DA2020/1097 - 0 Campbell Parade MANLY VALE NSW 2093**

As a local resident, I vehemently oppose the alterations and additions to sports field lighting on Passmore Reserve Manly Vale.

1. Parking and Traffic issues

We already tolerate chaotic traffic and parking during the day on weekends, but making the Reserve useable for sport in the evenings through the addition of lighting, will increase parking difficulties for local residents, and increase traffic noise and congestion leaving the area (which can take up to 20 minutes of light changes leaving Campbell Parade at Condamine Street on a weekend).

2. Noise

We already have horns, whistles and cheering noise from Nolan's Reserve at night. Having the use of Passmore Reserve at night will significantly intrude on the evening noise levels in the area. I did not purchase a property in this area to have a sport's field operating at night with associated noise intrusions!

Please consider local residents (significant numbers due to the high density apartment blocks adjacent to Passmore Reserve) and NOT approve this DA. The Council has tried to get this issue passed before. The residents still DO NOT want it!

Thank you.
