RE: DA2021/2173 - 394 Barrenjoey Road NEWPORT NSW 2106

Newport Beach Surf Club and Palm Beach surf clubs are two of the oldest surf clubs on the northern peninsula, well before most of the other clubs were established yet it gets little funding.

My main concern is that it gets painted in a colour similar to Palm Beach Surf club with the neutral tones and sandstone facades.

The ridiculous yellow and Maroon colour was never a heritage colour and the building should compliment the natural surroundings with Bert Payne Park as other quality buildings in the area.

Sandstone entrance ways with Neutral wall facades and white window frames.
