**Subject:** Reject Development Application DA2022/0145

As a 60 year resident of the Northern Beaches, I would like to add my voice to the protest against the development DA2022/0145.

I cherish the Regional Botanic Garden at Stoney Range and am deeply disturbed by the projected impact of the proposed construction both on the flora, accessibility and reduction in parking spaces this development will incur.

Please reconsider the proposed plan and act accordingly to protect this treasured community asset.
