**RE: DA2019/1260 - 29 North Avalon Road AVALON BEACH NSW 2107**

I would like to register my opposition to this development.  
Too many people, my neighbours included, are ripping out trees and developing green land. Sensitive development in areas of low density housing and open lands is acceptable, but we are losing too much natural landscape to development. In addition, the traffic in North Avalon is beyond belief. It's a danger not just to the children in the area but also the environment.
