RE: REV2021/0034 - 231 Whale Beach Road WHALE BEACH NSW 2107

As a resident of Whale Beach, I am supportive of the proposal to redevelop the site. The current development is in very poor condition.

The proposal will be a significant improvement to our local amenities. I believe it is important for the Whale Beach community to have a place to gather and socialize. It would be great to have the Café on Surf Rd across from the beach along with beach access from Whale Beach Rd.
