RE: REV2021/0006 - 181 Allambie Road ALLAMBIE HEIGHTS NSW 2100

STRONGLY OBJECT to DA - REV2021/0006

Again we have to go through this! This is Crown land and the D.A. has already been refused by Council and the Local Planning Panel twice.

** The development is on Crown Land supposedly for the benefit of the community - not 24 expensive apartments **

This is an inappropriate development adjoining the War Memorial Park;

The Asset Protection Zone (APZ) relies upon land that is part of the War Memorial Park;

The APZ on the development land also removes many mature trees and habitat for protected fauna;

It is bush fire prone land!!!

It will impact the environment in the worse possible way: polluting downstream the freshwater of Manly Dam and the Climbing Galaxias fish, via Curl Curl Creek (Category A Creek).

** Please stop once and for all this DA **
