**701 – 703 BARRENJOEY RD AVALON
STORMWATER MANAGEMENT WORKS
S4.55 WORKS AMENDMENT ASSESSMENT
Job No 170914**

Barrenjoey Consulting Engineers Pty Ltd have reviewed the proposed architectural modifications to the roof layout as detailed in the plans by Hot House Studio (dated 30/11/2021).

It is our opinion the existing site stormwater management plans issued by this office will suffice to address the proposed modifications.

Noting detailed roof drainage design etc by others.

Should further information regarding this certificate be required please contact our office as outlined below.
