RE: DA2020/0393 - 28 Lockwood Avenue BELROSE NSW 2085

I strongly believe this development is unnecessary to our community. It is not in keeping with the Forest area.

I have lived in the area since 1990 and the council is constantly cutting down our trees and building units which we do not need. Our schools, roads and infrastructure are already stretched to the limit!!

Do not build these appartments - we already have 2 gyms within 50 metres of this proposed development!
