RE: DA2024/1495 - 82 Pacific Parade DEE WHY NSW 2099

Good afternoon my submission is about the change of roof line.
At present, it is a gable roof but the new development wants to change it to a skillion roof with an increase of one meter height on the boundary of 2 Avon Road right next to my bedroom window.!

A better solution would be a gable roof with a ridge in the middle this will make it lower and pick up the original boundary line height on the border of 2 Avon rd.
