**RE: DA2020/0393 - 28 Lockwood Avenue BELROSE NSW 2085**

Application Number: DA2020/0393

I fully support this development in the old library site on Lockwood Avenue as I believe it is a great development to bring new life to the local area. I do a lot of my shopping in the Glenrose shops and I believe this new development with new housing and retail space will certainly provide more services and choice to the local area and create construction jobs and also to help the local community with retail jobs when the development is completed and provide housing to people who are downsizing and wish to live in secured apartment development. Thank you for the opportunity.
