

DEVELOPMENT APPLICATION ASSESSMENT REPORT

Application Number:	DA2022/2075
----------------------------	-------------

Responsible Officer:	Tony Collier
Land to be developed (Address):	Lot 5 SP 90989, 9 Spring Cove Avenue MANLY NSW 2095
Proposed Development:	Alterations and additions to a dwelling including installation of a spa
Zoning:	Manly LEP2013 - Land zoned C4 Environmental Living
Development Permissible:	Yes
Existing Use Rights:	No
Consent Authority:	Northern Beaches Council
Land and Environment Court Action:	No
Owner:	The Trustees Of The Roman Catholic Church For The Archdiocese Of Sydney Anthony Edward Clemens Barbara Lesley Clemens
Applicant:	Anthony Edward Clemens

Application Lodged:	05/12/2022
Integrated Development:	Yes
Designated Development:	No
State Reporting Category:	Residential - Alterations and additions
Notified:	11/01/2023 to 08/02/2023
Advertised:	11/01/2023
Submissions Received:	0
Clause 4.6 Variation:	Nil
Recommendation:	Approval

Estimated Cost of Works:	\$ 80,000.00
---------------------------------	--------------

PROPOSED DEVELOPMENT IN DETAIL

The applicant seeks consent to conduct the following works on the existing strata lot (Lot 5):

- Demolish the existing 24.1m² timber deck and replace with lawn.
- Construct a new 8.9m² timber deck and 10.4m² spa to the east of the existing deck/lawn (within the secondary street setback).

ASSESSMENT INTRODUCTION

The application has been assessed in accordance with the requirements of the Environmental Planning and Assessment Act 1979 and the associated Regulations. In this regard:

- An assessment report and recommendation has been prepared (the subject of this report) taking into account all relevant provisions of the Environmental Planning and Assessment Act 1979, and the associated regulations;
- A site inspection was conducted and consideration has been given to the impacts of the development upon the subject site and adjoining, surrounding and nearby properties;
- Notification to adjoining and surrounding properties, advertisement (where required) and referral to relevant internal and external bodies in accordance with the Act, Regulations and relevant Development Control Plan;
- A review and consideration of all submissions made by the public and community interest groups in relation to the application;
- A review and consideration of all documentation provided with the application (up to the time of determination);
- A review and consideration of all referral comments provided by the relevant Council Officers, State Government Authorities/Agencies and Federal Government Authorities/Agencies on the proposal.

SUMMARY OF ASSESSMENT ISSUES

SITE DESCRIPTION

Property Description:	Lot 5 SP 90989 , 9 Spring Cove Avenue MANLY NSW 2095
Detailed Site Description:	<p>The site consists of one (1) Torrens Title allotment which contains five (5) multi-dwelling units (townhouses) which are individually strata titled. The subject site is Strata Lot 5 under SP 90989.</p> <p>The site is located at the north-eastern corner of Spring Cove Avenue.</p> <p>The site is irregular in shape with a frontage of 46.52m along Spring Cove Avenue. The site has a surveyed area of 520m².</p> <p>The site is located within the C4 Environmental Living zone and accommodates a two storey semi-detached dwelling. Car parking is located within the basement and is accessed via a driveway off the southern extension to Spring Cove Avenue.</p> <p>The site has been highly modified and consists of a mix of exotic and native species.</p> <p>Detailed Description of Adjoining/Surrounding Development</p> <p>Adjoining and surrounding development is characterised by</p>

similar development owing to its location central to the St. Patrick's Estate redevelopment.

Map:

SITE HISTORY

Development Application - 482/2004

Subdivision of Lot 2 DP 544297 being Precincts 4, 5, 6, 10 and 11 into 21 Allotments being 17 Residential lots for Individual Dwellings, Lot 1 for 5 Townhouses, 1 Lot for 16 Apartments, 1 Lot containing road and landscape areas and 1 Lot comprising precinct 4 and 11 of the St Patrick's Estate and construction of 11 Residential Apartments, 5 Townhouses and 17 Detached Dwellings at Precincts 5, 6 & 10 St Patrick's Estate.

Determined 24 January 2007.

Modification Application - 482/2004 - Part 15

Modification of Development Consent DA482/2004 for alterations and additions to a dwelling house at Lot 16 (No. 23) Spring Cove Avenue.

Determined 4 August 2017.

Modification Application - MOD2019/0486

Modification of Development Consent DA482/2004 for alterations and additions to a dwelling house at Lot 16 (No. 23) Spring Cove Avenue.

Determined 9 July 2020.

APPLICATION HISTORY

The application was lodged on 5 December 2022 and notified between 6 December 2022 and 16

January 2023.

During the course of assessment it was found that the proposal was notified incorrectly and should have been exhibited as Nominated Integrated Development. Subsequently, the application was publicly exhibited between 11 January 2023 and 8 February 2023 and referred to Heritage NSW for concurrence.

ENVIRONMENTAL PLANNING AND ASSESSMENT ACT, 1979 (EPAA)

The relevant matters for consideration under the Environmental Planning and Assessment Act, 1979, are:

Section 4.15 Matters for Consideration	Comments
Section 4.15 (1) (a)(i) – Provisions of any environmental planning instrument	See discussion on “Environmental Planning Instruments” in this report.
Section 4.15 (1) (a)(ii) – Provisions of any draft environmental planning instrument	There are no current draft environmental planning instruments.
Section 4.15 (1) (a)(iii) – Provisions of any development control plan	Manly Development Control Plan 2013 applies to this proposal.
Section 4.15 (1) (a)(iia) – Provisions of any planning agreement	None applicable.
Section 4.15 (1) (a)(iv) – Provisions of the Environmental Planning and Assessment Regulation 2021 (EP&A Regulation 2021)	<p><u>Part 4, Division 2</u> of the EP&A Regulation 2021 requires the consent authority to consider "Prescribed conditions" of development consent. These matters have been addressed via a condition of consent.</p> <p><u>Clause 29</u> of the EP&A Regulation 2021 requires the submission of a design verification certificate from the building designer at lodgement of the development application. This clause is not relevant to this application.</p> <p><u>Clauses 36 and 94</u> of the EP&A Regulation 2021 allow Council to request additional information. No additional information was requested in this case.</p> <p><u>Clause 61</u> of the EP&A Regulation 2021 requires the consent authority to consider AS 2601 - 1991: The Demolition of Structures. This matter has been addressed via a condition of consent.</p> <p><u>Clauses 62 and/or 64</u> of the EP&A Regulation 2021 requires the consent authority to consider the upgrading of a building (including fire safety upgrade of development). This clause is not relevant to this application.</p> <p><u>Clause 69</u> of the EP&A Regulation 2021 requires the consent authority to consider insurance requirements under the Home Building Act 1989. This matter has been addressed via a condition of consent.</p>

Section 4.15 Matters for Consideration	Comments
	Clause 69 of the EP&A Regulation 2021 requires the consent authority to consider the provisions of the Building Code of Australia (BCA). This matter has been addressed via a condition of consent.
Section 4.15 (1) (b) – the likely impacts of the development, including environmental impacts on the natural and built environment and social and economic impacts in the locality	<p>(i) Environmental Impact The environmental impacts of the proposed development on the natural and built environment are addressed under the Manly Development Control Plan section in this report.</p> <p>(ii) Social Impact The proposed development will not have a detrimental social impact in the locality considering the character of the proposal.</p> <p>(iii) Economic Impact The proposed development will not have a detrimental economic impact on the locality considering the nature of the existing and proposed land use.</p>
Section 4.15 (1) (c) – the suitability of the site for the development	The site is considered suitable for the proposed development.
Section 4.15 (1) (d) – any submissions made in accordance with the EPA Act or EPA Regs	See discussion on “Notification & Submissions Received” in this report.
Section 4.15 (1) (e) – the public interest	No matters have arisen in this assessment that would justify the refusal of the application in the public interest.

EXISTING USE RIGHTS

Existing Use Rights are not applicable to this application.

BUSHFIRE PRONE LAND

The site is classified as bush fire prone land. Section 4.14 of the Environmental Planning and Assessment Act 1979 requires Council to be satisfied that the development conforms to the specifications and requirements of the version (as prescribed by the regulations) of the document entitled Planning for Bush Fire Protection.

A Bush Fire Report was submitted with the application that included a certificate (prepared by BPAD, dated 6 October 2022) stating that the development conforms to the relevant specifications and requirements within Planning for Bush Fire Protection. The recommendations of the Bush Fire Report have been included as conditions of consent.

NOTIFICATION & SUBMISSIONS RECEIVED

The subject development application has been publicly exhibited from 11/01/2023 to 08/02/2023 in accordance with the Environmental Planning and Assessment Act 1979, Environmental Planning and Assessment Regulation 2021 and the Community Participation Plan.

As a result of the public exhibition of the application Council received no submissions.

REFERRALS

Internal Referral Body	Comments
NECC (Bushland and Biodiversity)	<p>The proposed development has been assessed against the following applicable biodiversity provisions:</p> <ul style="list-style-type: none"> • NSW Biodiversity Conservation Act 2016 • Manly LEP Clause 6.5 Terrestrial Biodiversity • Manly DCP Clause 5.4.2 Threatened Species and Critical Habitat Lands <p>The subject site is located within declared habitat of the endangered population of Long-nosed Bandicoots at North Head. As such, a 'threatened species test of significance' (or 'five part test') is required to be undertaken. This assessment has been completed and has concluded that the proposal is unlikely to result in a significant impact to the endangered bandicoot population, due to the minor nature of the works and the proposal to reinstate soft open space within the deck footprint.</p> <p>In addition, the proposal has been considered against applicable approved documents for the Spring Cove development. There are no objections from a biodiversity perspective, subject to recommended conditions.</p>
NECC (Riparian Lands and Creeks)	<p>Supported.</p> <p>This application was assessed in consideration of:</p> <ul style="list-style-type: none"> • Supplied plans and reports; • Coastal Management Act 2016; • State Environmental Planning Policy (Resilience and Hazards) 2021; • Relevant LEP and DCP clauses; and • Northern Beaches Water Management for Development Policy <p>The site adjoins land identified as proximity area for littoral rainforest and as such the development must not significantly impact on the biophysical, hydrological or ecological integrity of the littoral rainforest, or the quantity and quality of surface and ground water flows that it receives.</p> <p>Appropriate sediment and erosion controls must be installed prior to any disturbance of soil on site and maintained until all work is complete and groundcover re-established.</p> <p>On assessment the application on assessment meets the requirements of the relevant Environmental Planning Instruments and</p>

Strategic and Place Planning (Heritage Officer)	HERITAGE COMMENTS
	Discussion of reason for referral
	This application has been referred as it is within the curtilage of a heritage item, being Item I131 St Patricks Estate , which is listed in Schedule 5 of Manly LEP 2013. St Patrick's Estate is also listed as a State heritage item under the provisions of the Heritage Act, 1977.
	Details of heritage items affected
	Details of this heritage item, as contained within the Heritage Inventory, are: Item I131 St Patricks Estate <u>Statement of Significance</u> St Patrick's Estate is a place of outstanding heritage significance to NSW and Australia. The 1885-1935 buildings and grounds of the estate make up one of Australia's most outstanding collegiate ensembles unrivalled for its completeness, grandeur and extraordinary siting. A monument to the establishment of Catholicism and the Catholic priesthood in Australia, St Patrick's Estate represents Australia's first national Catholic ecclesiastical seminary, the largest in the southern hemisphere at the time of its construction, the official national residence for the Archbishop for nearly a century, one of Australia's most extensive ecclesiastical estates and one of the oldest land grants to the Catholic Church. The College and the Archbishop's Residence have historical significance as important physical manifestations of Cardinal Moran's concepts and plans for the development of Catholicism in Australasia. The buildings have historical significance also for their associations people involved in the development of the College and Australia's priesthood. Isolated physically and geographically on the Manly site, the Seminary buildings reflected the Church's perceptions of its special position and needs in the late 19th century. Social and cultural changes are evident in the further development of the site during the 20th century. The St Patrick's Estate has a significant relationship with the natural environment of North Head. Although isolated from the remainder of North Head by the construction of the sandstone boundary walls and the substantial clearing of the indigenous vegetation on the Estate, the St Patrick's Estate still maintains its historical and visual relationship with North Head.

	Australian Heritage Register

Internal Referral Body	Comments		
	NSW State Heritage Register	Yes	Part of curtilage of State heritage listing - St Patrick's Estate, Manly
	National Trust of Aust (NSW) Register	No	
	RAIA Register of 20th Century Buildings of Significance	No	
	Other	No	
	Consideration of Application		
	<p>This application is for alterations and additions to the existing dwelling which includes the demolition of an existing timber deck (to be replaced with turf) and the installation of a spa with new adjacent deck. The dwelling is the eastern most one in a multi-unit development. The new works are located behind the existing stone wall on the eastern boundary, located adjacent to the Archbishop's Pathway. As a result the proposed works will not be visible from the public domain.</p> <p>The subject site is a local heritage item in Manly LEP 2013, as well as listed as a State heritage item, under the provisions of the Heritage Act, 1977. As a result, this application requires consultation with Heritage NSW under that Act.</p> <p>The proposed works are minor and located in an already developed area, which once formed the gardens to the Archbishop's Residence. The Archbishop's Pathway remains as part of this developed area, continuing the historical and visual link with Spring Cove and the harbour. As mentioned, the proposed works are not visible from the public domain, being located behind an existing stone wall and as a result, will not interfere with any sight lines from the Archbishop's Residence to the water. As a result, it is considered that these works will have no impact upon the heritage significance of St Patrick's Estate.</p> <p>Therefore, no objections are raised on heritage grounds, subject to imposition of all conditions required by Heritage NSW in their referral response.</p>		
	Further Comments		
	<p><u>Consider against the provisions of CL5.10 of MLEP 2013:</u> Is a Conservation Management Plan (CMP) Required? No Has a CMP been provided? N/A Is a Heritage Impact Statement required? No Has a Heritage Impact Statement been provided? N/A</p>

Nominated Integrated Development - Heritage NSW - Heritage Act 1977	<p>The application was referred to Heritage NSW as Nominated Integrated Development pursuant to s58 and s57(1) (Approval in respect of the doing or carrying out of an act, matter or thing referred to in s57(1)) of the Heritage Act 1977.</p> <p>Heritage NSW have provided their General Terms of Approval (GTAs) on 9 February 2023. The GTAs are included as conditions of consent.</p>

ENVIRONMENTAL PLANNING INSTRUMENTS (EPIs)*

All, Environmental Planning Instruments (SEPPs and LEPs), Development Controls Plans and Council Policies have been considered in the merit assessment of this application.

In this regard, whilst all provisions of each Environmental Planning Instruments (SEPPs and LEPs), Development Controls Plans and Council Policies have been considered in the assessment, many provisions contained within the document are not relevant or are enacting, definitions and operational provisions which the proposal is considered to be acceptable against.

As such, an assessment is provided against the controls relevant to the merit consideration of the application hereunder.

State Environmental Planning Policies (SEPPs) and State Regional Environmental Plans (SREPs)

SEPP (Resilience and Hazards) 2021

Chapter 2 – Coastal Management

The site is subject to Chapter 2 of the SEPP. Accordingly, an assessment under Chapter 2 has been carried out as follows:

Division 1 Coastal Wetlands and littoral rainforest area

2.7 Development on certain land within coastal wetlands and littoral rainforests area

- 1) The following may be carried out on land identified as “coastal wetlands” or “littoral rainforest” on the Coastal Wetlands and Littoral Rainforests Area Map only with development consent:
 - a) the clearing of native vegetation within the meaning of Part 5A of the Local Land Services Act 2013,
 - b) the harm of marine vegetation within the meaning of Division 4 of Part 7 of the Fisheries Management Act 1994,
 - c) the carrying out of any of the following:
 - i) earthworks (including the depositing of material on land),
 - ii) constructing a levee,
 - iii) draining the land,
 - iv) environmental protection works,
 - d) any other development

Comment

The proposed works are not located on certain land within coastal wetlands and littoral rainforests area.

2.8 Development on land in proximity to coastal wetlands or littoral rainforest

- 1) Development consent must not be granted to development on land identified as “proximity area for coastal wetlands” or “proximity area for littoral rainforest” on the Coastal Wetlands and Littoral Rainforests Area Map unless the consent authority is satisfied that the proposed development will not significantly impact on:
 - a) the biophysical, hydrological or ecological integrity of the adjacent coastal wetland or littoral rainforest, or
 - b) the quantity and quality of surface and ground water flows to and from the adjacent coastal wetland or littoral rainforest.

Comment

The proposed works are not located on land in proximity to coastal wetlands.

The Littoral Rainforest area is situated approximately 4.5m to the east of the proposed works. Notwithstanding, The proposed works are not likely to cause an adverse impact upon the matters identified in this clause.

Division 2 Coastal Vulnerability Area

2.9 Development on land within the coastal vulnerability area

Development consent must not be granted to development on land that is within the area identified as “coastal vulnerability area” on the Coastal Vulnerability Area Map unless the consent authority is satisfied that:

- a) if the proposed development comprises the erection of a building or works—the building or works are engineered to withstand current and projected coastal hazards for the design life of the building or works, and
- b) the proposed development:
 - i) is not likely to alter coastal processes to the detriment of the natural environment or
 - ii) other land, and
 - iii) is not likely to reduce the public amenity, access to and use of any beach, foreshore, rock platform or headland adjacent to the proposed development, and incorporates appropriate measures to manage risk to life and public safety from coastal hazards, and
- c) measures are in place to ensure that there are appropriate responses to, and management of, anticipated coastal processes and current and future coastal hazards.

Comment

The Coastal Vulnerability Area has not been adopted by the Department of Planning & Environment.

Division 3 Coastal environment area

2.10 Development on land within the coastal environment area

- 1) Development consent must not be granted to development on land that is within the coastal environment area unless the consent authority has considered whether the proposed development is likely to cause an adverse impact on the following:

- a) the integrity and resilience of the biophysical, hydrological (surface and groundwater) and ecological environment,
- b) coastal environmental values and natural coastal processes,
- c) the water quality of the marine estate (within the meaning of the Marine Estate Management Act 2014), in particular, the cumulative impacts of the proposed development on any of the sensitive coastal lakes identified in Schedule 1,
- d) marine vegetation, native vegetation and fauna and their habitats, undeveloped headlands and rock platforms,
- e) existing public open space and safe access to and along the foreshore, beach, headland or rock platform for members of the public, including persons with a disability,
- f) Aboriginal cultural heritage, practices and places,
- g) the use of the surf zone.

Comment

The proposed works are not likely to cause an adverse impact upon the matters identified in this clause.

The proposed alterations and additions do not discourage public access or amenity along the foreshore area nor impact on natural foreshore processes.

- 2) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that:
 - a) the development is designed, sited and will be managed to avoid an adverse impact referred to in subsection (1), or
 - b) if that impact cannot be reasonably avoided—the development is designed, sited and will be managed to minimise that impact, or
 - c) if that impact cannot be minimised—the development will be managed to mitigate that impact.

Comment

Council is satisfied the proposed works are designed, and can be managed, to avoid adverse impacts based upon the matters identified in this clause.

Division 4 Coastal use area

2.11 Development on land within the coastal use area

- 1) Development consent must not be granted to development on land that is within the coastal use area unless the consent authority:
 - a) has considered whether the proposed development is likely to cause an adverse impact on the following:
 - i) existing, safe access to and along the foreshore, beach, headland or rock
 - ii) platform for members of the public, including persons with a disability,
 - iii) overshadowing, wind funnelling and the loss of views from public places to
 - iv) foreshores,
 - v) the visual amenity and scenic qualities of the coast, including coastal headlands, Aboriginal cultural heritage, practices and places, cultural and built environment heritage, and
 - b) is satisfied that:

- i) the development is designed, sited and will be managed to avoid an adverse impact referred to in paragraph (a), or
 - ii) if that impact cannot be reasonably avoided—the development is designed, sited and will be managed to minimise that impact, or
 - iii) if that impact cannot be minimised—the development will be managed to mitigate that impact, and
- c) has taken into account the surrounding coastal and built environment, and the bulk, scale and size of the proposed development.

Comment

The proposal does not impact upon the existing and safe access to and along the foreshore. The visual amenity from private and public space is not adversely effected and the surrounding area consists of examples of similar developments.

Division 5 General

2.12 Development in coastal zone generally - development not to increase risk of coastal hazards

Development consent must not be granted to development on land within the coastal zone unless the consent authority is satisfied that the proposed development is not likely to cause increased risk of coastal hazards on that land or other land.

Comment

Council is satisfied that the proposed development is unlikely to cause increased risk of coastal hazards on the subject land or other land.

2.13 Development in coastal zone generally - coastal management programs to be considered

Development consent must not be granted to development on land within the coastal zone unless the consent authority has taken into consideration the relevant provisions of any certified coastal management program that applies to the land.

Comment

The proposal has been assessed by Council's Natural Environment Unit (Riparian and Creeks) where it was considered against the following:

- Coastal Management Act 2016.
- State Environmental Planning Policy (Resilience and Hazards) 2021.
- Relevant LEP and DCP clauses.
- Northern Beaches Water Management for Development Policy.

No objection was raised.

As such, it is considered that the application complies with the requirements of Chapter 2 of the State Environmental Planning Policy (Resilience and Hazards) 2021.

Manly Local Environmental Plan 2013

Is the development permissible?	Yes
After consideration of the merits of the proposal, is the development consistent with:	
aims of the LEP?	Yes
zone objectives of the LEP?	Yes

THREATENED SPECIES, POPULATIONS OR ECOLOGICAL COMMUNITIES

The proposal will not significantly affect threatened species, populations or ecological communities, or their habitats.

CRIME PREVENTION THROUGH ENVIRONMENTAL DESIGN

The proposal is consistent with the principles of Crime Prevention Through Environmental Design.

POLICY CONTROLS

Northern Beaches Section 7.12 Contributions Plan 2022

As the estimated cost of works is less than \$100,001.00 the policy is not applicable to the assessment of this application.

CONCLUSION

The site has been inspected and the application assessed having regard to all documentation submitted by the applicant and the provisions of:

- Environmental Planning and Assessment Act 1979;
- Environmental Planning and Assessment Regulation 2021;
- All relevant and draft Environmental Planning Instruments;
- Manly Local Environment Plan;
- Manly Development Control Plan; and
- Codes and Policies of Council.

This assessment has taken into consideration the submitted plans, Statement of Environmental Effects, all other documentation supporting the application and public submissions, and does not result in any unreasonable impacts on surrounding, adjoining, adjacent and nearby properties subject to the conditions contained within the recommendation.

In consideration of the proposal and the merit consideration of the development, the proposal is considered to be:

- Consistent with the objectives of the DCP
- Consistent with the zone objectives of the LEP
- Consistent with the aims of the LEP
- Consistent with the objectives of the relevant EPIs
- Consistent with the objects of the Environmental Planning and Assessment Act 1979

It is considered that the proposed development satisfies the appropriate controls and that all processes and assessments have been satisfactorily addressed.

RECOMMENDATION

THAT Council as the consent authority grant Development Consent to DA2022/2075 for Alterations and additions to a dwelling including installation of a spa on land at Lot 5 SP 90989, 9 Spring Cove Avenue, MANLY, subject to the conditions printed below:

DEVELOPMENT CONSENT OPERATIONAL CONDITIONS

1. Approved Plans and Supporting Documentation

The development must be carried out in compliance with the endorsed stamped plans and documentation listed below, except as amended by any other condition of consent:

a) Approved Plans

Architectural Plans - Endorsed with Council's stamp		
Drawing No.	Dated	Prepared By
CD-218/21-V1 - Site Plan	17 November 2021	Connect Drafting
CD-218/21-V1 - Floor Plan/Elevation/Section	17 November 2021	Connect Drafting

Reports / Documentation – All recommendations and requirements contained within:		
Report No. / Page No. / Section No.	Dated	Pre
Bushfire Risk Assessment	17 November 2021	Bu

b) Any plans and / or documentation submitted to satisfy the Conditions of this consent.

c) The development is to be undertaken generally in accordance with the following:

Waste Management Plan		
Drawing No/Title.	Dated	Prepared By
Waste Management Plan	2 December 2022	Not Provided

In the event of any inconsistency between conditions of this consent and the drawings/documents referred to above, the conditions of this consent will prevail.

Reason: To ensure the work is carried out in accordance with the determination of Council and approved plans.

2. **Compliance with Other Department, Authority or Service Requirements**

The development must be carried out in compliance with all recommendations and requirements, excluding general advice, within the following:

Other Department, Authority or Service	EDMS Reference	Dated
Heritage NSW	Heritage NSW Referral Response	9 February 2023

(NOTE: For a copy of the above referenced document/s, please see Application Tracking on Council's website www.northernbeaches.nsw.gov.au)

Reason: To ensure the work is carried out in accordance with the determination and the statutory requirements of other departments, authorities or bodies.

3. **Prescribed Conditions**

- (a) All building works must be carried out in accordance with the requirements of the Building Code of Australia (BCA).
- (b) BASIX affected development must comply with the schedule of BASIX commitments specified within the submitted BASIX Certificate (demonstrated compliance upon plans/specifications is required prior to the issue of the Construction Certificate);
- (c) A sign must be erected in a prominent position on any site on which building work, subdivision work or demolition work is being carried out:
 - (i) showing the name, address and telephone number of the Principal Certifier for the work, and
 - (ii) showing the name of the principal contractor (if any) for any building work and a telephone number on which that person may be contacted outside working hours, and
 - (iii) stating that unauthorised entry to the work site is prohibited.

Any such sign is to be maintained while the building work, subdivision work or demolition work is being carried out, but must be removed when the work has been completed.
- (d) Residential building work within the meaning of the Home Building Act 1989 must not be carried out unless the Principal Certifier for the development to which the work relates (not being the Council) has given the Council written notice of the following information:
 - (i) in the case of work for which a principal contractor is required to be appointed:
 - A. the name and licence number of the principal contractor, and
 - B. the name of the insurer by which the work is insured under Part 6 of that Act,

- (ii) in the case of work to be done by an owner-builder:
 - A. the name of the owner-builder, and
 - B. if the owner-builder is required to hold an owner-builder permit under that Act, the number of the owner-builder permit.

If arrangements for doing the residential building work are changed while the work is in progress so that the information notified under becomes out of date, further work must not be carried out unless the Principal Certifier for the development to which the work relates (not being the Council) has given the Council written notice of the updated information.

- (e) Development that involves an excavation that extends below the level of the base of the footings of a building on adjoining land, the person having the benefit of the development consent must, at the person's own expense:
 - (i) protect and support the adjoining premises from possible damage from the excavation, and
 - (ii) where necessary, underpin the adjoining premises to prevent any such damage.
 - (iii) must, at least 7 days before excavating below the level of the base of the footings of a building on an adjoining allotment of land, give notice of intention to do so to the owner of the adjoining allotment of land and furnish particulars of the excavation to the owner of the building being erected or demolished.
 - (iv) the owner of the adjoining allotment of land is not liable for any part of the cost of work carried out for the purposes of this clause, whether carried out on the allotment of land being excavated or on the adjoining allotment of land.

In this clause, allotment of land includes a public road and any other public place.

Reason: Legislative requirement.

4. **General Requirements**

- (a) Unless authorised by Council:
Building construction and delivery of material hours are restricted to:

- 7.00 am to 5.00 pm inclusive Monday to Friday,
- 8.00 am to 1.00 pm inclusive on Saturday,
- No work on Sundays and Public Holidays.

Demolition and excavation works are restricted to:

- 8.00 am to 5.00 pm Monday to Friday only.

(Excavation work includes the use of any excavation machinery and the use of jackhammers, rock breakers, excavators, loaders and the like, regardless of whether the activities disturb or alter the natural state of the existing ground stratum or are breaking up/removing materials from the site).

- (b) Should any asbestos be uncovered on site, its demolition and removal must be carried out in accordance with WorkCover requirements and the relevant Australian Standards.
- (c) At all times after the submission the Notice of Commencement to Council, a copy of the Development Consent and Construction Certificate is to remain onsite at all times until

the issue of an Occupation Certificate. The consent shall be available for perusal of any Authorised Officer.

- (d) Where demolition works have been completed and new construction works have not commenced within 4 weeks of the completion of the demolition works that area affected by the demolition works shall be fully stabilised and the site must be maintained in a safe and clean state until such time as new construction works commence.
- (e) Onsite toilet facilities (being either connected to the sewer or an accredited sewer management facility) for workers are to be provided for construction sites at a rate of 1 per 20 persons.
- (f) Prior to the release of the Construction Certificate, payment of the Long Service Levy is required. This payment can be made at Council or to the Long Services Payments Corporation. Payment is not required where the value of the works is less than \$25,000. The Long Service Levy is calculated on 0.35% of the building and construction work. The levy rate and level in which it applies is subject to legislative change. The applicable fee at the time of payment of the Long Service Levy will apply.
- (g) The applicant shall bear the cost of all works associated with the development that occurs on Council's property.
- (h) No skip bins, building materials, demolition or excavation waste of any nature, and no hoist, plant or machinery (crane, concrete pump or lift) shall be placed on Council's footpaths, roadways, parks or grass verges without Council Approval.
- (i) Demolition materials and builders' wastes are to be removed to approved waste/recycling centres.
- (j) No trees or native shrubs or understorey vegetation on public property (footpaths, roads, reserves, etc.) or on the land to be developed shall be removed or damaged during construction unless specifically approved in this consent including for the erection of any fences, hoardings or other temporary works.
- (k) Prior to the commencement of any development onsite for:
 - i) Building/s that are to be erected
 - ii) Building/s that are situated in the immediate vicinity of a public place and is dangerous to persons or property on or in the public place
 - iii) Building/s that are to be demolished
 - iv) For any work/s that is to be carried out
 - v) For any work/s that is to be demolished

The person responsible for the development site is to erect or install on or around the development area such temporary structures or appliances (wholly within the development site) as are necessary to protect persons or property and to prevent unauthorised access to the site in order for the land or premises to be maintained in a safe or healthy condition. Upon completion of the development, such temporary structures or appliances are to be removed within 7 days.

- (l) A "Road Opening Permit" must be obtained from Council, and all appropriate charges paid, prior to commencement of any work on Council property. The owner/applicant shall be responsible for all public utilities and services in the area of the work, shall notify all relevant Authorities, and bear all costs associated with any repairs and/or adjustments as those Authorities may deem necessary.
- (m) The works must comply with the relevant Ausgrid Network Standards and SafeWork NSW Codes of Practice.
- (n) Requirements for new swimming pools/spas or existing swimming pools/spas affected by building works.

- (1) Child resistant fencing is to be provided to any swimming pool or lockable cover to any spa containing water and is to be consistent with the following;

Relevant legislative requirements and relevant Australian Standards (including but not limited) to:
 - (i) Swimming Pools Act 1992
 - (ii) Swimming Pools Amendment Act 2009
 - (iii) Swimming Pools Regulation 2018
 - (iv) Australian Standard AS1926 Swimming Pool Safety
 - (v) Australian Standard AS1926.1 Part 1: Safety barriers for swimming pools
 - (vi) Australian Standard AS1926.2 Part 2: Location of safety barriers for swimming pools.
- (2) A 'KEEP WATCH' pool safety and aquatic based emergency sign, issued by Royal Life Saving is to be displayed in a prominent position within the pool/spa area.
- (3) Filter backwash waters shall be conveyed to the Sydney Water sewerage system in sewered areas or managed on-site in unsewered areas in a manner that does not cause pollution, erosion or run off, is separate from the irrigation area for any wastewater system and is separate from any onsite stormwater management system.
- (4) Swimming pools and spas must be registered with the Division of Local Government.

Reason: To ensure that works do not interfere with reasonable amenity expectations of residents and the community.

FEES / CHARGES / CONTRIBUTIONS

5. Security Bond

A bond (determined from cost of works) of \$2,000 and an inspection fee in accordance with Council's Fees and Charges paid as security are required to ensure the rectification of any damage that may occur to the Council infrastructure contained within the road reserve adjoining the site as a result of construction or the transportation of materials and equipment to and from the development site.

An inspection fee in accordance with Council adopted fees and charges (at the time of payment) is payable for each kerb inspection as determined by Council (minimum (1) one inspection).

All bonds and fees shall be deposited with Council prior to Construction Certificate or demolition work commencing, and details demonstrating payment are to be submitted to the Certifier prior to the issue of the Construction Certificate.

To process the inspection fee and bond payment a Bond Lodgement Form must be completed with the payments (a copy of the form is attached to this consent and alternatively a copy is located on Council's website at www.northernbeaches.nsw.gov.au).

Reason: To ensure adequate protection of Council's infrastructure.

CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION CERTIFICATE

6. **Erosion and Sediment Control Plan**

An Erosion and Sediment Control Plan (ESCP) shall be prepared by an appropriately qualified person and implemented onsite prior to commencement. The ESCP must meet the requirements outlined in the Landcom publication Managing Urban Stormwater: Soils and Construction - Volume 1, 4th Edition (2004). The ESCP must include the following as a minimum:

- Site Boundaries and contours
- Approximate location of trees and other vegetation, showing items for removal or retention (consistent with any other plans attached to the application)
- Location of site access, proposed roads and other impervious areas (e.g. parking areas and site facilities)
- Existing and proposed drainage patterns with stormwater discharge points
- Locations and methods of all erosion and sediment controls that must include sediment fences, stabilised site access, materials and waste stockpiles locations, location of any stormwater pits on the site and how they are going to be protected.
- North point and scale.

Details demonstrating compliance are to be submitted to the Certifier for approval prior to the issue of the Construction Certificate.

Reason: Protection of the receiving environment.

7. **Sydney Water "Tap In"**

The approved plans must be submitted to the Sydney Water Tap in service, prior to works commencing, to determine whether the development will affect any Sydney Water assets and/or easements. The appropriately stamped plans must then be submitted to the Certifier demonstrating the works are in compliance with Sydney Water requirements.

Please refer to the website www.sydneywater.com.au for:

- "Tap in" details - see <http://www.sydneywater.com.au/tapin>
- Guidelines for Building Over/Adjacent to Sydney Water Assets.

Or telephone 13 000 TAP IN (1300 082 746).

Reason: To ensure compliance with the statutory requirements of Sydney Water.

CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

8. **Pre-clearance Survey**

A pre-clearance survey for Long-nosed Bandicoot activity and presence is required prior to the removal of any vegetation, material or debris stockpiles. Clearing may only proceed if the survey concludes that no Long-nosed Bandicoots are present within the area to be cleared or the immediate vicinity. A record of each inspection is to be made in the daily inspection register log-book. The log-book is to be made available to Principal Certifying Authority.

Reason: To avoid injury or death of Little Penguins or Long-nosed Bandicoots which may be utilising stockpiles of vegetation, materials or debris.

9. **Installation and Maintenance of Sediment and Erosion Controls**

Council proactively regulates construction sites for sediment management.

Sediment and erosion controls must be installed in accordance with Landcom's 'Managing Urban Stormwater: Soils and Construction' (2004) prior to commencement of any other works on site.

Erosion and sediment controls are to be adequately maintained and monitored at all times, particularly after periods of rain, and shall remain in proper operation until all development activities have been completed and vegetation cover has been re-established across 70 percent of the site, and the remaining areas have been stabilised with ongoing measures such as jute mesh or matting.

Reason: Protection of the receiving environment.

10. **Survey Certificate**

A survey certificate prepared by a Registered Surveyor is to be provided demonstrating all perimeter walls columns and or other structural elements, floor levels and the finished roof/ridge height are in accordance with the approved plans.

Details demonstrating compliance are to be submitted to the Principal Certifier when the external structure of the building is complete.

Reason: To demonstrate the proposal complies with the approved plans.

CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE OCCUPATION CERTIFICATE

11. **No Weeds Imported On To The Site**

No Priority or environmental weeds (as specified in the Northern Beaches Local Weed Management Plan 2019 – 2023) are to be imported on to the site prior to or during construction works.

Details demonstrating compliance are to be submitted to the Principal Certifier prior to issue of any Occupation Certificate.

Reason: To reduce the risk of site works contributing to spread of Priority and environmental weeds.

ON-GOING CONDITIONS THAT MUST BE COMPLIED WITH AT ALL TIMES

12. **Swimming Pool/Spa Motor Noise**

The swimming pool / spa motor shall not produce noise levels that exceed 5dBA above the background noise when measured from the nearest property boundary.

Reason: To ensure that the development does not impact on the acoustic privacy of surrounding residential properties.

In signing this report, I declare that I do not have a Conflict of Interest.

Signed

Tony Collier, Principal Planner
