RE: DA2020/0442 - 231 Whale Beach Road WHALE BEACH NSW 2107

This construction is a joke and an eye sore. I have no problem with new construction in the area but this monstrosity has no place at Whale Beach these streets are tiny. There is already little to no parking with the current shops. What about all the current neighbours? It's fine just to build a five story out of place revolting looking building in front of their house? This development proposal show how unaware these developer are as to how this community will react to a project like this.
Bring back Pittwater council where nothing like this would ever be proposed.
