RE: REV2022/0024 - 394 Barrenjoey Road NEWPORT NSW 2106

We have been living at Newport for more than 23 years and have had 2 boys go through nippers and we all life savers and the boys compete for Newport. It is very sad to see our club building deteriorate over the years especially when we see the clubs around us and the renovations they are allowed.

At the moment it feels like our club has to fall down before we can get renovations.
