Reasons for referral

This application seeks consent for any application on land or land being adjoining or adjacent to any parks, reserves, beaches, or foreshore
And as such, Council's Parks, Reserves and Foreshores officers are required to consider the likely impacts of the proposal.

Officer comments

The property adjoins Pittwater Waterway downslope. The existing marina is to be retained and majority of the works are above the high water mark. No physical encroachments over the site boundaries are permitted, and structures and built elements are not permitted beyond the site boundaries. All development works must ensure that surface sediment runoff and/or erosion is controlled, managed and contained within the site boundaries.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Parks, Reserves and Foreshores Conditions:

CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

Protection of Council's Public Assets

Any damage to Council's public assets shall be made good by the applicant, and/or the contractor, to

the satisfaction of Council.

Council's public assets include, but is not limited to, the following: road, kerb and gutters, crossovers, crossings, paths, grass verge, open space and associated elements such as furniture, recreational facilities and the like, within the meaning of the Local Government Act 1993.

Existing trees shall be protected in accordance with AS4970-2009 Protection of Trees on Development Sites, with particular reference to Section 4, with no ground intrusion into the tree protection zone and no trunk, branch nor canopy disturbance.

Should any problems arise with regard to the existing trees on public land during the construction period, the applicant is to immediately contact Council's Tree Services section and resolve the matter to Council's satisfaction.

Reason: To protect and/or restore any damaged public asset.
