RE: DA2021/0669 - 1193 Barrenjoey Road PALM BEACH NSW 2108

Hello, I am full time resident of Palm Beach and keen to preserve the very natural aesthetic of the Palm Beach surrounds. I am concerned that the application seems to take in the coastal aspects of Governor Philip park, in particular down to the waters edge and the green area infant of the car parking. I assume this land is crown land and therefore I am unsure why it is part of the application to rebuild the boathouse, which is also assume has a heritage listing of some sort to protect an overdevelopment of this unique area. As dog walking groups were unable to have the privilege of walking their pets a couple of hours a day due to the argument of caring for sea grasses, I am a little shocked that this applications includes the coastal landscape, which looks as though it is destined for more parking. I object to any new parking, more concrete, less native fauna and more through traffic. Please could you forward more specific information.
