To Whom this may concern,

I have lived in the unit block 1/27 Moore Road, Freshwater, 2096, for almost 2 years. My unit block faces directly opposite the Moore road entrance and side of the main bar. Since the renovations the noise has significantly reduced and does not disturb me whatsoever. I have noticed on Friday and Saturday nights the increased security in the streets surrounding the pub, this has been a great contribution as the noise and waste has been reduced and they move people along quite quickly.

I have been informed of the additional renovations the Harbord Hotel would like to pursue. I believe that the cocktail bar, with a space to include trivia, comedy nights, live music will be a positive contribution to not only the pub but also freshwater as a whole. As freshwater is now on the rise to improve the village and community this will be an excellent addition to this. From what I have seen with the first lot of renovations, it will go beyond to allow for the neighbours to be happy. Im sorry I cannot attend but I nominate Mrs King from 4 Charles street to speak for me.

Cheers

Darcy Biffin.
