RE: DA2021/1612 - 1 Clarke Street NARRABEEN NSW 2101

I absolutely 100% object to the public beach that I use several times per week being impacted by private citizens because they were foolish enough to buy a house on a sand dune. They can keep all works 100% within their own property boundary, and only be permitted to build if they can absolutely guarantee that they will not impact the beach at all.
