RE: DA2019/1190 - 9999 Pittwater Road BROOKVALE NSW 2100

DA2019/1190 My wife and I viewed plans in Brookvale Park for the New Centre Of Excellence

- 1 There is a problem with the seating in the new Stand it cuts of the public exercise area surrounding the playing surface. Joggers , , Walkers , Bikes and Disabled will no longer be able to do a circuit of the Oval . This needs to be addressed
2. Money Generated from the New Grandstand and the Centre Of Excellence must go back into the maintenance of the Stadium to make Sustainable as this is what we were told by the Council previously, with other developments that had been proposed for the Park
- 3 We have been told the New Grandstand and Centre Of Excellence will not have a Liquor License. What is the guarantee this will not change in the future
- 4 we were told. the existing trees will be replaced with new established trees
- 5 We must all remember that Brookvale Park was Gifted to the community for Passive Sport and Recreation, thanks to Ms Jane Try 1911

Thanks Kevin & Julie Milner
