Officer comments

The application seeks approval for the construction of alterations and additions to an existing dwelling, including the construction of a new swimming pool and associated landscaping. Council's Natural Environment Unit - Biodiversity referral team have reviewed the application for consistency against the relevant environmental legislation and controls, including:

Biodiversity Conservation Act 2016 (BC Act) Pittwater Local Environmental Plan (PLEP)

- 7.6 Biodiversity Protection

Pittwater Development Control Plan (PDCP)

- B4.6 Wildlife Corridors

It is noted that the rear of the site has already been disturbed by works, however review of available imagery suggests that no prescribed trees or vegetation have been removed. Subject to conditions the Bushland and Biodiversity referral team find the application to be consistent against relevant environmental controls.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.
