RE: DA2020/0714 - 888 Pittwater Road DEE WHY NSW 2099

I oppose the development in my building given excessive noise, cost to residents, risk of water damage to the building.

As an owner of an apartment in this building, I strongly reject the notion that this car wash can be built without the authorisation of a majority of the owners. We have not been asked about this works in a formal manner and I believe we should be formally asked to vote on this submission.
