Attn: Brittany Harrison

Dear Brittany,

Development Application No. DA2022/1697

Description: Alterations and additions to a dwelling house including a swimming pool

Address: 197 McCarrs Creek Road CHURCH POINT

Reference is made to the proposed development at the above area and Aboriginal heritage.

No sites are recorded in the current development area and the area has been subject to previous disturbance reducing the likelihood of surviving unrecorded Aboriginal sites.

If areas of *in situ* sandstone outcrop are in the proposed development area or revealed during works (i.e. platforms over 2m square), the Aboriginal Heritage Office would recommend a preliminary inspection by a qualified Aboriginal heritage professional prior to any further development. If there are no existing sandstone outcrops present (or if any outcrops that were present were properly excluded from future impacts), then no further assessment is required and the Aboriginal Heritage Office would not foresee any further Aboriginal heritage constraints on the proposal.

Should any Aboriginal sites be uncovered during earthworks, works should cease and Council, the Heritage NSW and the Metropolitan Local Aboriginal Land Council should be contacted.
