RE: DA2020/0661 - 7356 / 1167221 Huston Parade NORTH CURL CURL NSW 2099

Dear Sir/madam I am opposed to the above application. It will impact on the area visually and will create an opportunity for vandalism as has occurred in other areas where towers have been built. The jury is out on the health impact but why test it in a built up area. There is so much traffic in the area due to sports being played on the ovals. This will heavily impact on all of us residents
