RE: DA2021/1164 - 521 Barrenjoey Road BILGOLA BEACH NSW 2107

I can not believe this application it could not be for real, I feel this is a joke.
That aside how could they manage to construction / excavation with traffic on that bend of the bends without outrageous delays.
The rear of the excavation would be around 30m! deep for the lift shaft.
Let alone starting a precedent of new house along that section of the bends and turning the bush into a vertical sub-division.
I work in the construction industry running a plumbing company, I am all for reasonable development but this is outrageous.
Please do not approve this monstrosity.
