RE: DA2022/0456 - 62 Myoora Road TERREY HILLS NSW 2084

Heavy vehicles on Terrey Hills streets will further damage them. They're already damaged after heavy rain and potholes. Cooyong Rd is not purposed for such heavy vehicles. Increasing traffic on Myoora Rd with 30 trucks a day when it is already a narrow "main road" with Miramare, Hills Flower Markets, Sandstone Cafe and the new development going in, needless to say the swim school and German school. Additional traffic makes this completely unreasonable.

There are school children (TH Public school and German School) constantly around these areas, walking, being dropped off, and hopping on and off buses...what about their safety? How is all the construction waste being transported and moved from the site? Its dangerous and doesn't consider safety of Terrey Hills residents and other people, before business and profit.
