Subject: Parking in bus stop - STA - Mod2019/0547

Hi

I notice the STA has objected owing to parking in the bus stop.

As it happens the bus stop is not properly marked. We received the message below today but this is not the first time.

It might be better if the STA made sure their bus stop was clearly marked rather than object to a change that so many people want.

Please post this email as a submission.

Hi friends! I visited your market for the first time since it's moved to Mona vale today, and sadly received a hefty parking fine for my efforts. You may want to spread the word about parking rangers operating and dishing out the fines left right and centre as this will definitely be off putting for the many others parked at the same spot as I was. On the cusp of Jubilee ave + Warriewood street is a very unassuming old bus stop sign. One one side of the road it's very apparent it's a bus stop, with two very obvious bus zone signs, on the side we all parked, it is by no means obvious. Where I live, bus stops are very clearly marked, this is not: and the council are taking full advantage of this with a strip of around 10 cars receiving fines this

morning. Effectively I wasn't parked inside the bus zone as had moved "just in case", but still got the whopping fine even using caution, as was within 10 metres of the bus zone So, perhaps you've posted about this before, but there will be a lot of continual disgruntled customers if this continues. I intend to make a complaint to council and contest my fine; however they make this very difficult these days I believe ... so will have to take it on the chin. Not what anyone wants right before Christmas 🌲 Love the new market place, great vibe!
