RE: DA2019/1234 - 0 Wharves And Jetties MANLY NSW 2095

I have previously lodged a submission on behalf of myself and my wife. I am making this submission in my capacity as Chairman of the Owners Corporation of the Grande Esplanade Building housing 80 residential apartments and 54 serviced apartments. All our residents would be negatively impacted if this DA is approved. The main issues are noise, an increase in already-problemic antisocial behaviour and further parking problems. All these matters have been well covered in the local media and raised at local Precinct meetings and the like and no doubt reflected in the many submissions you have undoubtedly received. This DA should be rejected.
