Video for additional submission.

Please see video below showing the latest Film Shoot in North Avalon Road, located right next door to the proposed development site.

Note cars and trucks parked all along the street on both sides of the street, with all available parking taken, turning North Avalon Road into a one-car-in, one-car-out street.

Our street struggles to cope with this extra traffic on a regular basis, let alone coping with a massive construction if this development is approved!

Cathy Chard

34 North Avalon Road, Avalon
