RE: DA2020/1663 - 17 St Andrews Gate ELANORA HEIGHTS NSW 2101

We have a objection to the height of the new extension at 8460m. It may obstruct our water views from our balcony. we have filtered views of the water as trees are deciduous. If the ridge line can be reduced to 8000m, we can still enjoy our views and have no objection to the extension.

Your sincerely
John Favaloro
