RE: REV2021/0034 - 231 Whale Beach Road WHALE BEACH NSW 2107

This is a stunning update to the development plans for this site. Many significant changes have clearly been made to the original plans and as all can see this development is long overdue and these amended plans will definitely help showcase Whale Beach as the world class location that we all know and love. The update to the commercial premises should be well received by locals and visitors alike. I am personally sick of the sight of the eyesore that exists on this site today and cannot wait to see this development progress and bring much needed prestige back to Whale Beach.
