RE: DA2020/1039 - 15 Jubilee Avenue WARRIEWOOD NSW 2102

I believe this application should be reviewed because these streets are extremely busy all day not just peak times and having this amount of large vehicles on these streets is just too dangerous and create more traffic congestion. You cannot even get out of daydream street 5pm on weekdays. I also didn't it crazy that only 10 car spaces are allocated for 110 staff members ? Were are the other 100 employees meant to park ? In our surrounding residential streets making it impossible for us to have guests park or park ourselves. Perhaps a better solution needs to be discussed regarding trafficking and parking ?
