RE: DA2024/0675 - 80 - 82 Mona Vale Road MONA VALE NSW 2103

I am fully in support of the application Application Number: DA2024/0675 for installation of Pickleball courts at Pittwater RSL. There are far too few courts available locally for this massively popular and growing sport, and those that are available are not dedicated to Pickleball (only multiple use basketball courts etc). This would be a fantastic time to install a number of dedicated Pickleball courts at the RSL, and attract many new members and visitors to the club. Concerns over noise are unfounded - the noise would be lower than those already made by other sports being played outside at the location.
