Subject: DA2022/2212 - 60 Riverview parade NORTH MANLY

Attn: Olivia Ramage

Dear Olivia,

Development Application No. DA2022/2212

Description: Alterations and additions to a dwelling house including a swimming pool and spa

Address: 60 Riverview Parade NORTH MANLY

No sites are recorded in the current development area and the area has been subject to previous disturbance reducing the likelihood of surviving unrecorded Aboriginal sites.

According to the Due Diligence Code of Practice, any land within 200m of water is considered to have Aboriginal heritage sensitivity and the potential to contain Aboriginal sites.

Under the *National Parks and Wildlife Act 1974* (NPW Act) all Aboriginal objects are protected. Should anything thought to be Aboriginal Cultural Heritage items be uncovered during earthworks, works should cease in the area and the Aboriginal Heritage Office be contacted. In line with our normal advice for sandy areas, the Aboriginal Heritage Office recommends that the development conditions should provide for stop work provisions (unexpected discovery protocol) in the unlikely event that human remains are uncovered. Should human remains be uncovered, works must cease and the NSW Police must be contacted.

Kind regards,

Susan Whitby
