

Natural Environment Referral Response - Biodiversity

Application Number:	DA2025/0559
Proposed Development:	Alterations and additions to a dwelling house including a swimming pool
Date:	16/06/2025
Responsible Officer	Adriana Bramley
Land to be developed (Address):	Lot 32 DP 16602 , 1 Phyllis Street NORTH CURL CURL NSW 2099

Reasons for referral

This application seeks consent development on land, or within 40m of land, containing:

- All Development Applications on
- Actual or potential threatened species, populations, ecological communities, or their habitats;
- Wildlife corridors;
- Vegetation query stipulating that a Flora and Fauna Assessment is required;
- Vegetation query - X type located in both A & C Wards;

And as such, Council's Natural Environment Unit officers are required to consider the likely potential environmental impacts.

Officer comments

The comments in this referral relate to the following applicable controls and provisions:

- Warringah DCP – E2 Prescribed Vegetation
- Warringah DCP – E4 Wildlife Corridors
- Warringah DCP – E6 Retaining unique environmental features
- SEPP (Resilience and Hazards) 2021 – Coastal Environment Area

The proposed development would take place within an area that has already previously been disturbed and will not require the removal of any native trees or vegetation.

Any new landscaping is to incorporate a minimum 60% locally native vegetation species as a proportion of the total number of plants. Locally native species are to be consistent with the relevant section of the Native Planting Guide available on Council's website.

No objections in relation to biodiversity, subject to conditions.

Trees identified for removal are found outside of the property boundary on the Council verge. Approval for their removal will need to be obtained from the appropriate referral body.

The proposal is therefore supported.

Note: Should you have any concerns with the referral comments above, please discuss these with the Responsible Officer.

Recommended Natural Environment Conditions:

CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF THE CONSTRUCTION CERTIFICATE

No Clearing of Vegetation

Unless otherwise exempt, no vegetation is to be cleared prior to issue of a Construction Certificate.

Details demonstrating compliance are to be submitted to the Certifier prior to issue of Construction Certificate.

Reason: To protect native vegetation.

Amendment of Landscape Plans

The submitted Landscape Plan is to be amended in accordance with the following:

- Any new landscaping is to incorporate a minimum 60% locally native vegetation species as a proportion of the total number of plants. Locally native species are to be consistent with the relevant section of the Native Planting Guide available on Council's website.

It should be noted that hybrid species and cultivars will not count towards the percentage of native vegetation.

The Landscape Plan is to be amended by a qualified landscape architect and provided to the Certifier prior to issue of the Construction Certificate.

Reason: To maintain and replace habitat on the site.

CONDITIONS TO BE COMPLIED WITH DURING DEMOLITION AND BUILDING WORK

Wildlife Protection

If construction activity associated with this development results in injury or displacement of a native mammal, bird, reptile or amphibian, a licensed wildlife rescue and rehabilitation organisation must be contacted for advice.

Reason: To protect native wildlife.

Protection of Habitat Features

All natural landscape features, including any rock outcrops, native vegetation and/or watercourses, are to remain undisturbed during the construction works, except where affected by necessary works detailed on approved plans.

Reason: To protect wildlife habitat.

CONDITIONS WHICH MUST BE COMPLIED WITH PRIOR TO THE ISSUE OF THE OCCUPATION CERTIFICATE

No Weeds Imported On To The Site

No Priority or environmental weeds (as specified in the Northern Beaches Local Weed Management Plan) are to be imported on to the site prior to or during construction works.

Details demonstrating compliance are to be submitted to the Principal Certifier prior to issue of any Occupation Certificate.

Reason: To reduce the risk of site works contributing to spread of Priority and environmental weeds.
