**This letter is Ausgrid's response under clause 45(2) of the State Environmental planning Policy (Infrastructure) 2007.**

Ausgrid does not object to the design amendments made to this development application.

The Ausgrid Letter of Consent attached to this CNR provided previously is sufficient.

The design submission must comply with relevant Ausgrid Network Standards and SafeWork NSW Codes of Practice for construction works near existing electrical assets.

The "as constructed" minimum clearances to Ausgrid's infrastructure must not be encroached by the building development. It also remains the responsibility of the developer and relevant contractors to verify and maintain these clearances onsite.

Ausgrid's Network Standards can be sourced from Ausgrid's website, [www.ausgrid.com.au](http://www.ausgrid.com.au)

Additional information can be found in the Ausgrid Quick Reference Guide for Safety Clearances "Working Near Ausgrid Assets - Clearances". This document can be found by visiting the following Ausgrid website: [www.ausgrid.com.au/Your-safety/Working-Safe/Clearance-enquiries](http://www.ausgrid.com.au/Your-safety/Working-Safe/Clearance-enquiries)

Should you have any further enquiries, please contact Ausgrid at [Development@ausgrid.com.au](mailto:Development@ausgrid.com.au)

Regards,  
Ausgrid Development Team
