I would like to also add to my submission that the development clearly does not care for the surrounding Tennant's.

Currently they are dismantling the scaffolding. There is constant banging and reversing noise of machinery from 22:00 onwards.

I've attached a photo taken from outside of my bedroom.

RE: Mod2017/0106 - 894 Pittwater Road DEE WHY NSW 2099

Dear Sir/Madam,

Thank you for your submission in respect of the above-mentioned property. Please be reminded that under provision of the Government Information Public Access Act, all submissions will be posted on Council's Website against the application.

The matters that you have raised will be noted and taken into consideration in the assessment of the proposal process. However, please note as previously stated in the notification letter, Council will not enter into correspondence in respect of any submission due to the large number of submissions Council receives annually.

Should you wish to monitor the progress of this development application, please feel free to visit the Planning and Development section of Council's Website at www.warringah.nsw.gov.au.

We thank you for your submission and should you have any queries, please do not hesitate to contact Council on 9942 2111.

Yours faithfully

John Slater
Senior Development Assessment Liaison Officer
Environment

For your reference please find below a copy of your submission:

I would like to object to the extension of work hours.

Currently I am woken most days from between 0500-0600.

This is due to the following:

1. builders having loud conversations and yelling at each other from the scaffolding into the building site.
- 2 Engine breaking and usage of the horn from trucks waiting to get into howard ave or oaks ave.
3. Trucks (dirt, concrete, crane or building materials) arriving at 0600 and sometimes earlier waiting for the site to begin work.

Once the work goes ahead and the scaffolding gets even higher then the noise of the tools and workers will be even greater. I am already at a stage where I am unable to open the sliding doors to my balcony due the noise and dust on afternoons when I get back from work on most of Saturday when the site is active.

Between the noise and dust from the site my outside area which equates to 50% of my units area is almost unusable.

I can only image that this when taken into account with the construction on corner of pittwater and st davies rd will make this whole corner a very unpleasant place to live for quiet some time.

It feels as though council has not given the developments and its impact on the Dee Why residents much though.

I would wager that these applications would not go ahead if they were near the residences of those approving them.

A most upset Dee Why Tenant
