Subject: TRIMMED: Modifications to proposed development 37_43 Hay Street Collaroy 2097
Date: Sunday, 1 September 2024 3:46:26 PM

Dear Sir/Madam

I would like to strongly object to the modifications to the above development. The modification further increases the size of the building which is outrageous.

A larger impact will be disastrous to the neighboring properties and the controls on views and view sharing and traffic management in the street.

In anticipation of your reply
