To: Adam Croft - Development Assessments, Northern Beaches Council

Dear Adam,

I refer to the redevelopment proposal for Forestville RSL, DA2024/1301.

You may or may not be aware that a Petition is circulating within the Forestville and Killarney Heights area to stop this redevelopment.

Currently over 700 people oppose the redevelopment and, have signed this Petition. The opposition to this DA has been passionate to say the least.

Would you please consider this Petition in Council deliberations re the DA.

You can view the Petition and its status by googling: SAVE FORESTVILLE RSL or, clicking the link <https://chng.it/s5zDwHPfNR>

If appropriate, would you please also consider accepting this email as an addition to my previous submission against the DA (on the NB Council website).

Regards,
Dominic Alecci
