RE: DA2023/0995 - 54 Brighton Street FRESHWATER NSW 2096

I support this development as long as it is respectful of neighbours overshadowing and there is adequate parking. There is no consistent "streetscape" in our area, the houses are varied and, if anything, this is in keeping with the style of the numerous developments popping up in our street and all of freshwater. I think it is great if more people are able to live in our area, it is a fabulous place to live.
