RE: DA2021/0076 - 135 Palmgrove Road AVALON BEACH NSW 2107

I have viewed plans and have concerns with regards to acoustics and privacy as pool is at deck level and not inground . this would have a higher noise impact to our property than it would if it was in ground. the existing rear deck level is already at a higher elevation than the Top of the rear boundary fence between our property 11 ruskin Rowe and 135 palmgrove . this already is a privacy issue to our property, we already have a neighbours (133 palmgrove) balcony overlooking our backyard . we would appreciate this being addressed .
thankyou
