RE: DA2020/0261 - 18 Alexander Street COLLAROY NSW 2097

As per our submission for DA2020/0205 there is already stress on the parking in our street, our effectively single lane road has insufficient spaces for existing inhabitants and barely allows for our visitors to park. An addition of a lot more dwellings with their accompanying vehicles would prevent any opportunities for parking for local shops, let alone Sunday Nippers etc.
