**RE: Mod2019/0627 - 8 Wyatt Avenue BELROSE NSW 2085**

(Given that these applications/modifications are meant to progress plans previously approved by DA2015/0558 - I find it strange that that DA is not in the list of DAs for this property).

My concerns re any applications in Wyatt Ave centre mainly around safety and traffic congestion. I oppose any applications which would add to the congestion of Wyatt Ave and surrounding streets. Any applications from John Colet that would see an increase in student numbers would fall into this category, (particularly in drop off and pick up times).
