RE: DA2020/1063 - 2 / 0 Bennett Street CURL CURL NSW 2096

I object to the proposal of floodlighting. No consideration has been made for the local residents. If I lived in either Manuela Place, Holloway Place or Bennett Street I would be very upset with the proposed lighting plan. It will bring an incredible increase to traffic and parking problems. Not to mention light and noise pollution. I am strongly against the proposal.
