RE: DA2023/1224 62 Myoora Road TERREY HILLS NSW 2084

I have been attending a brilliant wonderful creative mosaic class for at least the past 10yrs at Flower Power Terrey Hills. I am greatly disappointed that our creative space will be jeopardised by the development plans I would ask that you please consider a temporary site on the existing grounds until a permanent essential creative space can replace our existing one It would mean a great deal to a great many of the community if you could ensure that this vital community space is continued.

Thank you for your time and support
Tracey Howard
