Subject: Land and Environment Court Proceedings No. 2023/109048 (DA2021/2173) – Written Submission Supporting Approval of Application for alterations and additions and coastal protection works to Newport Surf Life Saving Club

Hi

I am very much in support of the proposed redevelopment of the club. The current dilapidated clubhouse is inadequate for safe and effective Life Saving activities as an Essential Service provider.

The protective design to deflect major storms wave action is well considered and expertly designed and crucial to protecting the building.

I am a club member and Active Life Saver. The whole Newport community benefits from the club's positive activities and in use of its clubhouse.

Thanks
