Attention: Customer Service

Dear Sir/Madam,

**Subject: Construction Certificate J100142A
Development Consent Permit 105/08
20 Montpelier Place Manly**

Reference is made to the application for a Construction Certificate in respect of the above property. In that regard we confirm that a Construction Certificate No J100142A was issued on 14 January 2011 pursuant to Development Consent 105/08.

Please find enclosed a copy of the Construction Certificate issued including all documentation assessed in the determination of the application.

Also attached is a copy of the Notice to Commence Building Works and Appointment of Principal Certifying Authority.

Also please find enclosed a cheque for \$30.00 being the registration fee for the above. It would be appreciated if a receipt in this regard could be forwarded to our firm as soon as possible.

MILLERS POINT NSW 2000

Attention: Peter Nash

Dear Peter,

**Subject: Construction Certificate J100142A
Development Consent Permit 105/08
20 Montpelier Place Manly**

We refer to our engagement in respect of the above and enclose the Construction Certificate for such works.

Mandatory inspection of works

The Environmental Planning and Assessment Act 1979 require that the inspections detailed below, known as Critical Stage Inspections, be carried out by the Principal Certifying Authority (PCA).

The provision of certificates in lieu of mandatory inspections (i.e. Engineer's or waterproofing certificates) is not acceptable at any time.

It is necessary for the following inspections to be carried out in relation to the proposed works.

Class 1 & 10 buildings

- After excavation for, and prior to the placement of, any footings, and
- Prior to pouring any in-situ reinforced concrete building element, and
- Prior to covering of the framework for any floor, wall, roof or other building element, and
- Prior to covering waterproofing in any wet areas, and
- Prior to covering stormwater drainage connections, and
- in the case of a swimming pool, after the construction of the swimming pool is completed and the barrier (if one is required under the Swimming Pools Act 1992) has been erected and before the pool is filled with water

After the building work has been completed and prior to any occupation certificate being issued in relation to the buildings.

Dear Andrew,

Re: Montpellier Place Stage 4

This is to certify that:

The structural engineering components of this project as shown on our drawings numbers 10S002S-BW-S03 Rev 0, S04 Rev 1 for Lot numbers 20, 21, 22, 23, 24, 25 & 26 Montpellier Place (DA conditions 105/08, 106/08, 107/08, 108/08, 109/08, 110/08, 111/08) were designed by a practising structural engineer in accordance with the relevant Australian Standards, Building Code of Australia, , and accepted engineering practice and principles.

In carrying out the design we exercised the degree of skill, care and diligence normally exercised by Consulting Engineers in similar circumstances.

This certificate does not relieve other parties of their responsibilities for the works.

Yours sincerely

Mott MacDonald

Memorandum

To	Lend Lease Development	Peter Nash	peter.nash@lendlease.com.au
cc	Hughes Trueman	Ray Higgins	rhiggins@hughestrueman.com.au
From	Scott Easton	Date	22 December 2010
Subject	Site Stability Stage 4 – St Patricks Estate, Manly		Project No. 71917

A site inspection was carried out today by the undersigned to assess the suitability of the site to support the proposed development.

Bulk excavation has been carried out and has exposed sandstone bedrock over most of the site. There are some vertically excavated sandstone faces approximately 2 m to 3 m high.

The sandstone bedrock will easily accommodate the proposed two to three storey residential buildings and provides a suitable foundation for the proposed development. The excavated footings should be inspected by a geotechnical engineer to confirm the foundations satisfy the design criteria. It will be important for a geotechnical engineer to inspect the rock faces, at the time of detailed excavation, to assess whether stabilisation of the rock faces or possibly deeper footings are required in areas where footings are to be founded above and close to vertical rock faces.

We trust this satisfies your present requirements. Please call if you have any further questions.

Attention: Jenny Nascimento

Dear Jenny

Re: Montpelier Place Manly – Section 94 Contributions & Bank Guarantee Release

As previously discussed and pursuant to the Section 93 Planning Agreement (dated December 2006) between Manly Council and Lend Lease Development, attached please find a cheque from Lend Lease Development representing the cash contribution for Section 94 contributions to Council in relation to development within Precincts 1 & 13 (Montpelier Place) at St Patrick's Estate.

In accordance with the Agreement, the cheque represents the final cash contribution for Montpelier Place (in the amount of \$143,636.00). We therefore request that the bank guarantee held by Council be released concurrent with receipt of our payment.

Should you have any questions regarding this matter, please contact me directly on 0417 918 012.

Yours faithfully
