Subject: Concern about DA2021/2034

Hello there,

I am an owner/resident of an apartment in the 24 Fairlight St, Fairlight block. I have concerns my skyline view would be negatively impacted by the proposed construction at number 30 Fairlight Street, Fairlight (DA2021/2034), because it would be higher than the current rooftops I look across. The afternoon sunlight I get in my apartment would also be compromised if the height exceeds the current skyline, and my privacy would also be impacted.

I have tried to call Adam Croft several times in the last week for more details but have not heard back.

Hope to hear from you soon.

Many thanks,
Nikki Britton
