Subject: Application Number: DA2020/1397 - objection

Hi there

We are residents of 39 Bangaroo street and wish to object to the proposed DA which changes a residential house into a daycare centre for 24 children.

The proposed change will have a really negative impact on the street and area, the traffic and parking issues it will cause are both dangerous and disruptive. The noise levels will be unacceptable for those residents living nearby - this is a home and should not be used for this kind of business.

Kind regards, Katie Ward
