**RE: DA2019/0123 - 80 - 82 Mona Vale Road MONA VALE NSW 2103**

I'm writing regarding the moving of the Frenchs Forest Market to Mona Vale. The Market is a fun social place to visit on Sundays and caters to all ages. We love it. It has a huge selection of organic fruit and veg which taste so much nicer than grocery stores. It also keeps those who grow the produce employed which is essential these days. There is always more than just fruit & veg too. From donuts to wearables a huge variety of items are for sale. It's great to know that on a Sunday we can go get what we need & it's always quality. Being chronically ill, it's great for my hubby to drive me there on Sunday, with easy parking. The Markets have been around for years and have grown so much with many people and interesting stalls. I've seen people like Herbasorous go from a little stall to an Aussie wide business. We love the markets, they help us get good healthy food and say hi to many friendly faces we've come to know. Being ill, this is really important for us. We hope they are able to continue in Mona Vale. We happen to prefer going to Mona Vale than Frenchs Forest, so it's a win for us!

Thank you.
