RE: DA2024/0675 - 80 - 82 Mona Vale Road MONA VALE NSW 2103

I'm writing to support of installing pickleball courts at Pittwater RSL. The reasons why fully support this development are

- . Providing much needed pickleball courts in the community
- . Linking these courts to the facilities at Pittwater rsl , parking, hospitality
- . Developing facilities away from residences

Enabling pickle ball to be provided by Pittwater RSL means that the club will be able to navigate through the demographic changes in the region. Bowling clubs are becoming less popular with the retired Demographic. We need strong community clubs that meet the needs of the people of Pittwater now and in the future.
