**RE: DA2020/0205 - 18 Alexander Street COLLAROY NSW 2097**

I object to any proposal that will make the already terrible traffic and parking situation in Alexander St even worse. Anger and near misses are a daily occurrence. We have had several cars damaged when parked on the street due to reluctance to 'give way' when required due to on street parking both sides.

It is not possible to provide off street parking for all occupants of this proposal.
